How are you feeling?

Changing feelings

Emotions and feelings change throughout the day and over time. Taking care of our mental health helps us to manage.

Feelings can grow or get stronger with time.

Some feelings seem to fade or pass over time.

Usually feelings that don't feel so good, don't last long.

Please make sure you talk to your grown ups about how you are feeling regularly. Remember you can also talk to myself using seesaw as well if you want to.

Thinking about mental health

Mental health can be thought of as a scale that can move up or down, a bit like a thermometer.

We can move along the scale at any time, between being healthy or unwell.

There are things we can do to help us stay healthy.

There are things that can be put in place if someone is not feeling so good, is struggling or unwell.

Who can help?

Teacher

Friend

Parent

Childline website www.childline.org.uk

No-one

Childline text / phone line 0800 1111

Someone else

If your emotions feel all mixed up or you often have feelings that make you feel bad, talk to a trusted adult – they can help you find the right support.

Punctuation ladder.

Using apostrophes for contractions.

A contraction is where we join two words together and use an apostrophe to replace one or more letters.

we are → we're

they are →

you are →

Punctuation ladder.

We can also use apostrophes to show that something belongs (possession).
Add an apostrophe before the s to show possession.

This is Leos ball.

A visit to the zoo!

As part of our topic work this term we should have been visiting the zoo. Sadly we are not able to do that right now but luckily Chester zoo are doing a virtual zoo day today so we can visit the zoo online!

So instead of setting you an English task today, I am taking you on a school visit to the zoo! Enjoy!

L.O. Examine and analyse the wording of maths word problems

T TA TA IND Paired

I know how to apply my knowledge of key mathematical vocabulary to help me explain how a problem can be solved.

I understand the need to identify the key information needed to solve a given problem.

I can examine and analyse the wording of maths word problems.

Weekly arithmetic

1 $22 + 5 =$	8 $9 + 9 =$	15 $40 \div 10 =$
2 $70 - 16 =$	9 $10 + 80 =$	16 $20 + 60 =$
3 $64 + 1 =$	10 $\square + 0 = 10$	17 $19 + \square = 20$
4 $75 - 10 =$	11 $3 + 2 + 7 =$	18 $14 + 2 + 2 =$
5 $86 + 10 =$	12 $100 - 30 =$	19 $25 - 11 =$
6 $28 - 2 =$	13 $63 + 21 =$	20 $\frac{1}{2}$ of 12 =
7 $\square + 10 = 45$	14 $33 - 10 =$	21 $3 + \square = 5$

Guided Reading for Maths

I am thinking of a number...

My number is less than 20 and
more than 10.

My number is an odd number.

It is half of 22.

It is equal to $17 - 6$.

What is my number?

1. Can you identify the important information in the problem?
2. What does half mean?
3. What is an odd number? Can you think of any examples?
4. Explain what 'equal' means.
5. What is the number I am thinking of?

Friday P.E

It's Friday afternoon- it's time for P.E!

Art

After a energetic PE session it's time to calm down and do some drawing! We are learning to control a pen or pencil to follow lines and shapes. Join in with 'Draw with Rob' who today is drawing a koala. I wonder if there are any koala's at Chester zoo?

Rob is also a children's author and illustrator. What an amazing job that would be!
