PSHE Jigsaw ~ Healthy Me

Look at these foods ~ sort them into two categories:

- Healthier choice
- Less healthy choice

Discuss with the children why the foods have been sorted in this way and draw out that the less healthy choices often contain more sugar, salt and saturated fat than the healthy choices.

Ask:

Why we need some sugar and fat in our diet?

Would it be healthy if we didn't eat any fat or sugar?

What could happen to the balance of the body if a person takes in too much sugar and saturated fat, but doesn't do enough exercise to use it?

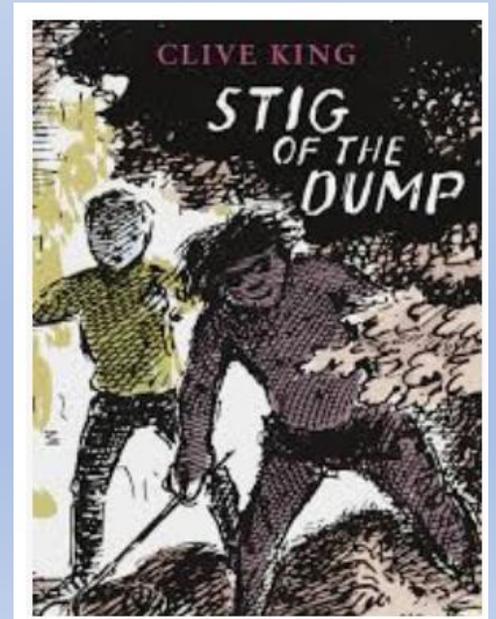

Does making a healthier choice feel good? Why might that be?
